THE ISRAEL ELECTRIC CORPORATION LIMITED

The Israel Electric Corporation Limited (as issuer) and Acupay System LLC (Acupay, as tax compliance agent) are distributing this notice with regard to the below-described notes (the “Notes”). Interest and related income on the notes are generally subject to Israeli withholding tax, except for:

- All beneficial owners which are tax resident of a country other than Israel;
- Regulated Israeli financial institutions; and
- Israeli tax residents with an Israeli Certificate of 0% Withholding.

Exemption from withholding tax is subject to certification of exempt persons and entities through the Acupay System and use of the CA Web/Tax Relief facilities, as described in this notice.

Issuer:	Israel Electric Corporation Limited				
Security Type:	Corporate Notes				
CUSIPs / ISINs:	144A Notes: 46507MAE2 / US46507MAE21				
	RegS Notes: 46507NAE0 / US46507NAE04				
Country Tax Regime:	Israel Income Tax Ordinance (new version) – 5721-1961, certain regulations thereof and a tax ruling of the Israel Tax Authority dated June 10, 2013. The tax regime provides for exemption from Israel withholding tax for exempt investors identified by Qualified Custodians, as described herein.				
Next Record Date:	June 6, 2023 (Tue)

Annex B: Explanatory List of Investor Types for Israeli Tax Purposes	10

SUMMARY

Pursuant to Israeli law, including the Income Tax Ordinance (new version) 5721-1961, certain regulations thereunder and binding tax rulings thereto, interest income derived from the Notes by a non-Israeli tax resident holder, or by regulated Israeli financial institutions, or by an Israeli resident entity or person with a Israeli Certificate of 0% Withholding, will not be subject to Israeli withholding tax, unless the beneficial owner or its Qualified Custodian (including its DTC Participant) fails to comply with the tax compliance procedures summarized below and as described in the relevant Offering Circular and Pricing Supplement for the Notes.

Direct and indirect Participants of DTC and other clearing systems located in OECD countries, or in countries with which Israel maintains a bi-lateral tax treaty (such financial institutions, “Qualified Custodians”), and which hold the securities directly or indirectly with a Qualified Clearing System (as defined in the related Offering Circular) which request exemption from Israeli withholding tax via DTC’s CA Web Instruction Service (“CA Web/TaxRelief”) are required to provide information with respect to the tax residence of beneficial owners in support of their CA Web/TaxRelief instructions. The Issuer has arranged certain procedures with DTC and Acupay System to facilitate the collection from Qualified Custodians of such information concerning the tax residency of beneficial owners of the Notes. Failure to provide such information with respect to the tax residence of the beneficial owners via the Acupay System or to follow the required procedures (including the use of the CA Web/TaxRelief) will result in 25% withholding from the interest payment.

Further information on Israeli withholding tax requirements can be found in the **Offering Circular and Pricing Supplement** for the Notes at <https://www.acupay.com/resources-help-links/resources/israel-resources/>.

PROCEDURE A: RELIEF AT SOURCE PROCEDURES

I. Submission of tax residence information.

Beginning on June 7, 2023 (the first New York Business Day after the Record Date), through and including 8:00 PM EDT on June 20, 2023 (the New York Business Day prior to the Interest Payment Date), DTC Participants that are Qualified Custodians must take the following steps to submit information with respect to the tax residence of Beneficial Owners of the Notes (the “Beneficial Owner Tax Residence Information”):

- A. **Make an instruction via the DTC CA Web/TaxRelief (“TaxRelief”) Service** to certify the aggregate amount of the Notes it holds for which it is entitled to receive gross or net payments on each relevant Interest Payment Date. The default condition is “net”.
- B. Report to www.acupaysystem.com the supporting information regarding the aggregate amount of securities held per each of the following beneficial owner types listed below. Please read carefully the full description of these investor types in Annex B.

Investor Type No.	Investor Type	Tax treatment	Tax Rate
1.	Non-Israeli tax resident individuals	Favorable: paid gross when the tax procedures are properly followed	0%
2.	Non-Israeli tax resident legal entities	Favorable: paid gross when the tax procedures are properly followed	0%
3.	Israeli tax resident individuals	Unfavorable: paid net	25%
4.	Israeli tax resident corporations (other than financial institutions)	Unfavorable: paid net	23%
5.	Israeli tax resident financial institutions	Favorable: paid gross when the tax procedures are properly followed	0%
6.	Israeli tax residents with an Israeli Certificate of 0% Withholding	Favorable: paid gross when the tax procedures are properly followed	0%

Data submitted via the Acupay System for **beneficial owner tax types 1 and 2** (non-Israeli tax residents) should **include aggregate reports on the amount of Notes held by clients in each country of tax residence**, without including the names or tax ID numbers of such non-Israeli beneficial owners.

Data submitted via the Acupay System with respect to **beneficial owner tax types 3, 4, 5 and 6** should include, per beneficial owner:

- a. the amount held per beneficial owner,
- b. beneficial owner name,
- c. beneficial owner Tax ID Number,
- d. beneficial owner full address,
- e. beneficial owner tax type (from the list above), and
- f. *(only for beneficial owners included within Type 6)* the Beneficial Owner Tax Residence Information must be supplemented by the transmission of an electronic copy of a valid Certificate of 0% Withholding issued by the Israeli Tax Authority, certifying that the final beneficial owner is recognized as tax-exempt and is not subject to Israeli withholding tax.

Each DTC Participant and Qualified Custodian must ensure the continuing accuracy of the above-listed Beneficial Owner Tax Residence Information, including the related CA Web/TaxRelief instruction, irrespective of any changes in, or in the beneficial ownership of, such DTC Participant's position in the Notes through 8:00 PM EDT on June 20, 2023 (the New York Business Day immediately preceding the Interest Payment Date) by making adjustments through the Acupay System and CA Web/TaxRelief. All changes must be reflected, including those changes (via the Acupay System) which do not impact the DTC Participant's overall position at DTC or the portion of that position at DTC as to which no Israeli withholding tax is being assessed.

- C. After entry of Beneficial Owner Tax Residence Information into the Acupay System by the DTC Participant or Qualified Custodian, the Acupay System will **produce a completed KYC Tax Compliance Form**, which shall summarize the Beneficial Owner Tax Residence Information introduced and maintained by such entity in the Acupay System.
- D. **Beneficial Owner Tax Compliance Information must be confirmed by Qualified Custodians to the Acupay System via one of the following two means:**
1. **Email or fax a copy of the barcoded KYC Tax Compliance Form** that is produced by the Acupay System, printed, reviewed, and (if accurate) duly signed by the Qualified Custodian. The signed KYC Form must be emailed (by the Participant or downstream correspondent, as relevant) to certify@acupay.com or faxed to Acupay at +1-646-383-9489 or +44-207-067-8453.

Note: Certifying parties must use the KYC Tax Compliance Forms that are generated by the Acupay System (showing the official Acupay barcodes), as no other form of KYC Tax Compliance Form will be accepted. Acupay submissions will not be processed until Acupay has received (via email or fax) signed KYC Tax Compliance Forms. Also, there is no need to send paper versions of the KYC forms via post or courier.

Or

2. **Transmit electronic messages compliant with either ISO 20022 or ISO 15022, such as a SWIFT MT565, submitted through and in accord with established practices of the relevant (I)CSD**, further validated and securely transmitted to Acupay by the relevant (I)CSD via a SWIFT MT565 or similar electronic means.

Each such electronic message shall contain all of the relevant Beneficial Owner Tax Residence Information, and shall also reference affirmation of the written statements contained within the KYC Tax Compliance Form included as Exhibit I to Annex C to the Offering Circular for the Notes. In addition, electronic messages submitted on the behalf of beneficial owners in tax category number 6 must be supplemented with the prompt electronic delivery to Acupay of a valid Israeli Certificate of 0% Withholding.

II. **Use of the Acupay System: available to all direct and indirect Participants of DTC.**

- A. **Currently registered financial intermediaries.** Most DTC Participants and many Participants of other Qualified Clearing Systems are already registered to employ the Acupay System. If the Participants, including members of their respective teams, are currently registered to use the Acupay System (for the Notes or any other securities issue), there is no need to register again – since the existing login details can be used.

B. Financial intermediaries not currently registered to employ the Acupay System. DTC Participants that are not currently registered to employ the Acupay System must visit the Acupay System website at <https://acupaysystem.com/>, and register their institution and one or more authorized employees who will be responsible for making tax certifications on behalf of the DTC Participant.

C. DTC Participants that provide omnibus clearing or sub-custodial services for other financial intermediaries should:

1. Assure that their downstream correspondents are registered to employ the Acupay System. If the downstream correspondents are already registered to use the Acupay System (for the Notes or for any other securities issue), there is no need for them to register again – their existing login details can be used. However, if the downstream correspondents were not previously registered to use the Acupay System, the DTC Participant can arrange an instant registration, either by:

- a. Entering the details of such downstream correspondents directly into the “Manage My Account” section of the Acupay System by clicking on “Omnibus Accounts” and then on “Add New Omnibus Account”; or by
- b. Permitting such downstream correspondents to register themselves by providing them with an Acupay Registration Code. Registration codes can be obtained within the “Manage My Account” section of the Acupay System by clicking on “Omnibus Accounts”.

2. Confirm via the Acupay System the downstream correspondents’ omnibus positions. These confirmations are made only with regard to the aggregate omnibus amount held by the downstream correspondents, not with regard to the tax residency type or identity of the end-investor clients of the downstream correspondents. Aggregate position confirmations should be continuously updated through 9:45 AM EDT on the date of disbursement of the interest payment (June 21, 2023), just like all other information entered in the Acupay System.

3. Make the related CA Web/TaxRelief instructions, which conform (as to their “net” or “gross” character, only) to the relevant amount of Acupay certifications made by the downstream correspondents.

D. Non-Qualified Custodians. DTC Participants or their downstream correspondents, which are located in countries that are neither members of the Organization for Economic Co-operation and Development (“OECD Countries”) nor countries with which Israel has entered into a Treaty for the Avoidance of Double Taxation (“Tax Treaty Countries”), are “**non-Qualified Custodians**”, and, as such, will be allowed to register in the Acupay System, but will not be eligible to participate in the “Relief-at-Source Procedures”. Such entities may, however, follow the “Quick Refund Procedures for non-Qualified Custodians”, as described in Procedure B: Section II, below. Please refer to Annex A for a list of OECD Countries and Israeli Tax Treaty Countries.

Note: The procedure for use by downstream correspondents has been designed consistent with the recommendations of the Committee of Fiscal Affairs of the OECD, which noted in its report of January 23, 2013:

The financial institution that has information regarding the beneficial owner may be several layers away from the withholding agent. Therefore, passing client information through a chain of multiple layers of financial intermediaries is inefficient, and imposes substantial administrative burdens on the intermediaries. In addition to the administrative burdens involved in processing large amounts of paper (or even electronic communications), a more fundamental problem with any such requirement is that it is inconsistent with the intermediary’s business

goal of protecting its proprietary customer information. Businesses do not pass their customer lists to their competitors; much less let their competitors know the investment preferences of those customers.

III. Synchronization of CA Web/TaxRelief Instructions and Related Acupay Data Submissions

The aggregate amounts certified through the Acupay System and those instructed through CA Web/TaxRelief must be in sync. It is the responsibility of each DTC Participant to ensure that the principal amount of Notes which they and their downstream correspondents have certified via the Acupay System is equal to the principal amount of Notes for which they have made CA Web/TaxRelief instructions. Data introduced in both CA Web/TaxRelief and Acupay may be modified (in either system) until 8:00 PM EDT on June 20, 2023.

Acting on a best-efforts basis, Acupay staff will warn Participants of any misalignments between CA Web/TaxRelief instructions and Acupay certifications, and will seek to assist in reconciling them until 9:45 AM EDT on June 21, 2023.

IMPORTANT

IT IS THE RESPONSIBILITY OF DTC PARTICIPANTS AND THEIR DOWNSTREAM CORRESPONDENTS TO UPDATE BENEFICIAL OWNER INFORMATION ENTERED IN THE ACUPAY SYSTEM, AS NECESSARY, TO KEEP IT IN SYNC WITH CLIENTS' ACTUAL POSITIONS. UPDATES MUST CONTINUE UNTIL 9:45 AM EDT ON JUNE 21, 2023.

DTC Participants whose Acupay certifications and CA Web/TaxRelief instructions are out of alignment on the morning of June 21, 2023 (i.e., the day when the interest payment will be disbursed), may ask DTC to modify their CA Web/TaxRelief instructions, to bring them into alignment, by sending an email to InternationalTax@dtcc.com, specifying (i) the DTC account, (ii) the total position in the CUSIP, (iii) the requested favorable instruction, and (iv) the requested unfavorable instruction, no later than 9:45 AM EDT on June 21, 2023, with a copy to ateam@acupay.com. The Acupay System will remain accessible to DTC Participants (and their downstream correspondents) to make any necessary updates of Beneficial Owner Tax Residence Information or KYC Tax Compliance Forms through 9:45 AM EDT on June 21, 2023, the interest payment date.

DTC Participants whose CA Web/TaxRelief instructions and Acupay certifications are not aligned by 9:45 AM EDT on June 21, 2023 will receive the interest payment on their entire position, net of 25% Israeli withholding tax. DTC Participants who receive net treatment due to the misalignment of their CA Web/TaxRelief instructions and Acupay certifications may request relief through the Quick Refund Procedures described in Procedure B below.

PROCEDURE B: QUICK REFUND PROCEDURES

There are two types of Quick Refund Procedures. One is for use by Qualified Custodians; the other is for use by non-Qualified Custodians.

- I. **Beneficial owners holding through a DTC Participant that is a Qualified Custodian.** Beneficial owners who received interest, net of 25% Israeli withholding tax, due to a failure of a Qualified Custodian to comply with the Relief-at-Source Procedures, may qualify for a refund through the Quick Refund procedures. Participants that are Qualified Custodians may use the Acupay System to request relief through the Quick Refund Procedures on behalf of their clients, beginning June 22, 2023 at 9:00 AM EDT, until July 5, 2023 at 5:00 PM EDT.

- II. **Beneficial owners holding through a DTC Participant or other financial intermediary that is not a Qualified Custodian.** The Quick Refund Procedures for use by non-qualified custodians require an Acupay submission (via electronic means) by no later than July 5, 2023 (by 5:00 PM EDT) of:
 - a. A DTC statement that confirms the holder's securities entitlement on the interest payment date. If the Notes are held with a downstream correspondent of a DTC Participant, the DTC Participant must also provide a statement that confirms the correspondent's securities entitlement on the interest payment date;
 - b. A custodian statement that includes an accounting record of the amounts of such position, and payments that were attributable to the relevant beneficial owner;
 - c. A certificate of tax residency issued by the tax authorities of the country of residence of each non-Israeli tax resident beneficial owner. Such certificate of tax residence should state that it is valid during the relevant calendar year, or should have been issued no more than 12 months prior to the interest payment date.
 - d. For Israeli tax residents qualified within tax category type 6, a valid Certificate of 0% Withholding issued by the Israeli Tax Authority.

Note: The Quick Refund will be paid via wires from The Bank of New York, London Branch, as Paying Agent. For any Quick Refund requests submitted by DTC Participants, such DTC Participants must provide (or confirm if we already have them on-file) wire instruction details for the account into which they would like to receive the Quick Refund amounts, together with an original W-8BEN or W-9 Form, as applicable.

Direct Refund from Israeli Tax Authorities

If investor holdings have not been certified, for any reason, through the Relief-at-Source or Quick Refund procedures, and have received unfavorable tax treatment, eligible investors may request a tax refund from the Israeli tax authorities by submitting an annual tax return in Israel for the relevant tax year. Acupay can assist in this process.

Rules for use of the DTC CA Web/TaxRelief Service

In accordance with the rules and operational procedures of DTC, by submitting CA Web/TaxRelief instructions, DTC Participants agree that they will indemnify The Israel Electric Corporation Limited and its agents for any liability, which may incur as a result of reliance upon information provided by these Participants on such CA Web/TaxRelief instructions and supporting Beneficial Owner Tax Compliance Information. Through their submission of CA Web/TaxRelief instructions, DTC Participants also agree to return any funds erroneously received (including any interest, penalties, and additions to tax thereon) arising from their CA Web/TaxRelief instructions and supporting data.

Contacts

Questions regarding the CA Web/TaxRelief process should be directed to DTC's International Services: InternationalTax@dtcc.com, or at +1 (888) 382-2721.

Questions regarding the foregoing tax procedures, and with respect to tax relief entitlements, should be directed to:
